

BENDING THE TREND OF RISING COSTS

OUR PROGRAMS

CARE COORDINATION

Care Coordination from Apta Health offers employers and members a more compassionate healthcare experience, proactively managing member needs with industry-leading customer service, a straightforward and engaging plan design, and patient advocacy in real time.

CASH PAY

Apta Cash can help you save on your medical expenses by choosing vetted, high-quality, medical providers who offer affordable, discounted cash prices for their services. Not only does paying cash cut the need for time consuming administrative work, but providers are paid much quicker using Apta Cash. It's a win-win for everyone!

CAPTIVES

Insurance captives are a type of self-funded plan designed to bring together like-minded business owners who want to have more control over their healthcare spending. By pooling health insurance claims costs, companies can manage their collective spending while reducing traditional stop-loss premiums.

AMAZING RESULTS FOR YOUR CLIENTS

In their first year with Apta Health, our clients see an immediate reduction in their health care costs and a cost reduction of an average 20% by the third year, while their health plan members have a much more positive healthcare experience.
